

Ris a la mande

Ris a la mande er lavet ud af ris og varm mælk, som bliver kogt sammen.

Når risengrøden er kold, pisker man flødeskum i og putter kirsebærsovs oven på ris a la mande. Nogle gange putter man hakkede mandler i bare for at snyde.

Ris a la mande blev opfundet af tyskerne. Man spiser ris a la mande når det er jul. Hvis man finder en hel mandel, får man en mandelgave. Det er ikke en rigtig stor gave.

Der er en mandel i ris a la mande. Der er kun en mandelgave. Men hvis man tygger mandelen, får man ingen mandelgave

Rice pudding

Rice pudding is made out of rice and warm milk you boil together. When it is cold, you put whipped cream in, and puts cranberry sauce on top of it. Some times you put chopped almonds in, just to cheat.

Rice pudding was invented by the Germans. You eat the rice pudding when it is Christmas. If you find a whole almond, you get a present. It isn't a big present.

There is only one almond in the rice pudding. There is only one present. If you chew the almond, you won't get a present.
